INDEPENDENT AUDITOR'S REPORT

Finance Committee and Council of Elders Forest Hill Church Charlotte, North Carolina

Opinion

We have audited the accompanying financial statements of Forest Hill Church (a nonprofit organization), which comprise the statements of financial position as of September 30, 2022 and 2021, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Forest Hill Church as of September 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Forest Hill Church and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the combined financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Forest Hill Church's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the combined financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

• Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the combined financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Forest Hill Church's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the combined financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Forest Hill Church's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

1. <u>Nature of Operations</u>

Church

Forest Hill Church (the "Church") was incorporated in August 1986, and has multiple locations in the greater Charlotte, North Carolina area. The purpose of the Church is to reach and see people transformed by the Power of the Holy Spirit into fully devoted servants of Jesus. The Church is supported primarily by voluntary contributions from individuals.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net assets without donor restrictions - Net assets that are not subject to any donor-imposed stipulations. Gifts of land, buildings and equipment are recorded as support without donor restrictions unless explicit donor restrictions specify how the donated assets must be used. Net assets designated by Church Council represent funds designated by the Church for specific purposes. However, these funds have not been restricted by donors and are available for any purpose at the Church's discretion.

Net assets with donor restrictions - Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Church and/or the passage of time.

Promises to give

Unconditional promises to give are recorded at the time the promise to give is received by the Church. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Intentions to give are not recognized because the intentions do not represent a legally enforceable pledge. At year-end, the Church had no promises to give.

Donated services and goods

Donated services are reported as contributions when the services (a) create or enhance nonfinancial assets or (b) would be purchased if they had not been provided by contribution, require specialized skills, and are provided by individuals possessing those skills. Donated equipment or materials, if significant, are included in support at fair value. During the year, the Church recorded no contributed services.

In addition, many individuals volunteer their time and perform a variety of tasks that assist the Church with specific assistance programs and various assignments. No amounts have been reflected in the financial statements for these contributions as the contributions are either insignificant or do not meet the criteria for recognition under generally accepted accounting principles.

Other support

Contributions of marketable securities are generally sold upon receipt. Donations of motor vehicles are either utilized in operations or sold upon receipt. Donated real property, equipment, or materials, if significant, are included in support at fair value. During the year, no contributed equipment was received.

Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, cash in interest-bearing and non-interest-bearing checking accounts, and money funds.

Receivables

The balance of receivables on September 30, 2022 and 2021 consists of North Carolina sales tax paid that will be refunded. The balance is presently at net realizable value and is expected to be collected in the subsequent year.

Property and equipment

Property and equipment are stated at cost if purchased or fair value at date of receipt if donated, subject to a \$500 capitalization policy. Depreciation is provided over the estimated useful lives of the assets, which is assumed to be forty years for buildings and three to ten years for equipment and is computed on the straight-line method with no estimated salvage values. The costs of major improvements are capitalized while the costs of maintenance and repairs, which do not improve or extend the useful life of the respective asset, are expensed when incurred. The cost and accumulated depreciation of property and equipment are eliminated from the accounts upon disposal and any resulting gain or loss is included in the changes in net assets in the period during which the disposition occurred.

Functional allocation of expenses

Expenses are allocated to program services, management and general, and fund raising based on management's estimates of time spent and various allocation methods appropriate to the type of expense.

Income tax status

The Church is exempt from Federal income tax under Internal Revenue Code Section 50l(c)(3) with respect to their exempt function income. The Church is not classified as a private foundation as defined by Section 509(a) of the Internal Revenue Code. Generally accepted accounting procedures require an organization to recognize a tax benefit or expense from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The Church has no uncertain tax positions as of September 30, 2022.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. Property and Equipment

Property and equipment used by the Church in its operations consists of the following on September 30, 2022 and 2021:

	September 30, 2022						
Land, buildings, and improvements	\$	55,329,717	\$	54,988,912

Total		69,122,500		68,310,449			
Less accumulated depreciation		(30,455,890)		(28,115,481)			
TOTAL	<u>\$</u>	38,666,610	<u>\$</u>	40,194,968			

Depreciation expense was \$2,340,409 and \$2,284,192 for the years ended September 30, 2022 and 2021, respectively.

4. <u>Net Assets</u>

Net assets without donor restrictions

7. Commitments

The Church has entered into an agreement with the Morrison Branch of the Young Men's Christian Association ("YMCA") of Greater Charlotte whereby it has expanded its current facility. Under this agreement, the Church fully funded the additional functional space, which is owned and operated by the YMCA. In return, the Church uses the facility primarily for Sunday morning worship services and office space for the exclusive use of Forest Hill staff.

Included in the agreement with the Morrison Branch of the YMCA of Greater Charlotte is a quarterly fee calculation comprised of utilities, insurance, taxes, housekeeping, maintenance, room and floor set-up/tear-down costs, and capital repairs and replacement costs. This fee will fluctuate based on actual costs each quarter and will be paid throughout the forty-year term. Expenses incurred were \$133,609 for the year ended September 30, 2022 and \$190,822 for the year ended September 30, 2021.

In November 2020, the Church entered into an agreement with Movement Resources for the use of property located in East Charlotte, North Carolina to be used for church services. Terms of the agreement provide for a donation in the amount of \$3,500,000 to be used for planned improvements to the property to prepare it for use by the church. Terms of the agreement provide for no monthly rent. Terms provide for use of the property for twenty years and then the Church can extend the agreement for four-consecutive five-year periods, each with no additional rent. As of September 30, 2020, two payments of \$1,166,667 had been made totaling \$2,333,334, with the two remaining payments of \$583,363 each due by October 1, 2021, and it was paid by September 30, 2021. This amount was treated as capitalized construction in process – leasehold improvements at September 30, 2020 but is reflected in land, buildings and improvements at September 30, 2022 and 2021.

8. Concentrations of Credit Risk

Cash in excess of insured limits

The Church regularly maintains cash balances in excess of FDIC insured limits. On September 30, 2022, the uninsured balance of cash was \$1,302,434. However, management believes that the risk related to the account is minimal due to the credit worthiness of the financial institutions.

Geographic area

The Church by its nature operates in a small geographic area and is therefore subject to changes in the local economy.

9. <u>Functional Expenses</u>

The Church's activities are focused in three functional areas. Program services represent the primary focus of the Church's activities. Supporting services are fundraising activities and general and administrative activities. The costs of the various programs and other activities for the years ended September 30, 2022 and 2021 are summarized on a functional basis below. Certain costs have been allocated among the program and supporting services benefited.
